Patients with COVID-19 have experienced mild to severe respiratory illness.

**Symptoms**

- **Fever**
- **Cough**
- **Shortness of Breath**

*Symptoms may appear 2-14 days after exposure.*

Seek medical advice if you develop symptoms, and have had close contact with a person known to have COVID-19 or if you live in or have recently been in an area with ongoing spread of COVID-19.

---

**Help prevent the spread of respiratory diseases like COVID-19:**

- **Wash your hands** often with soap and water for at least 20 seconds.
- **Cover your cough or sneeze** with a tissue, then throw the tissue in the trash.
- **Avoid touching** your eyes, nose, and mouth.
- **Avoid close contact** with people who are sick.
- **Clean and disinfect** frequently touched objects and surfaces.
- **Stay home** when you are sick, except to get medical care.
